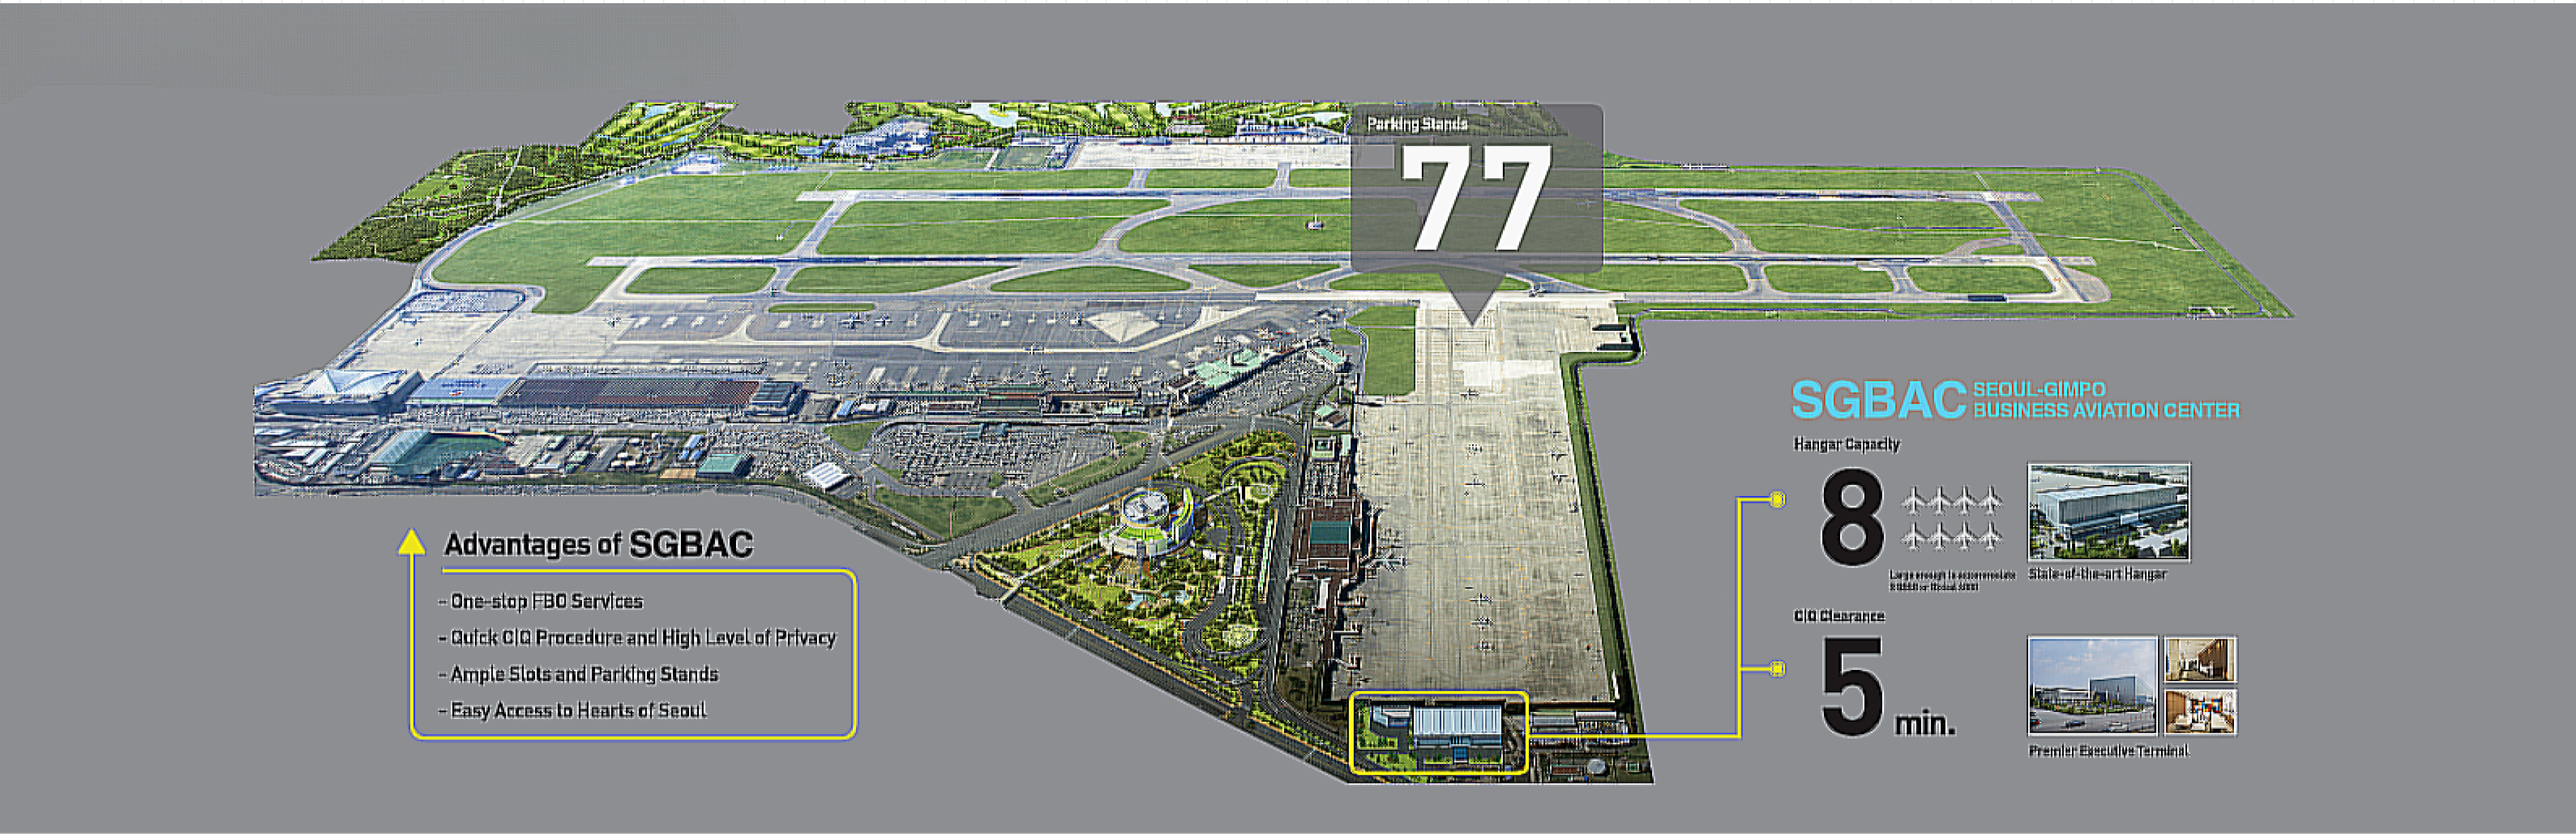
SGBAC Map and Details

SGBAC OVERVIEW

Seoul Gimpo Business Aviation Center (SGBAC) was launched in 2016 as the 1st business-oriented aviation services facilities of Korea.

SGBAC supports individual and corporate business flights, integrating CIQ check-in facilities with a hangar for aircraft parking and maintenance. Its prime location near downtown Gimpo Airport enhances national interests and facilitates VIP entry for global events and businesses.

SGBAC SKYVIEW



3 UNIQUE FEATURES OF SGBAC

01 Center of Southeast Asia beyond Korea

Located a mere 17 km from the Seoul downtown area, SGBAC boasts of the world's top urban accessibility. It is also the geographic stopover for business flights crossing the Pacific.

02 Extensive slots and parking ramps

Gimpo Airport has at least 77 parking ramps along with extensive slots.(including 7 designated spots for business aircraft)

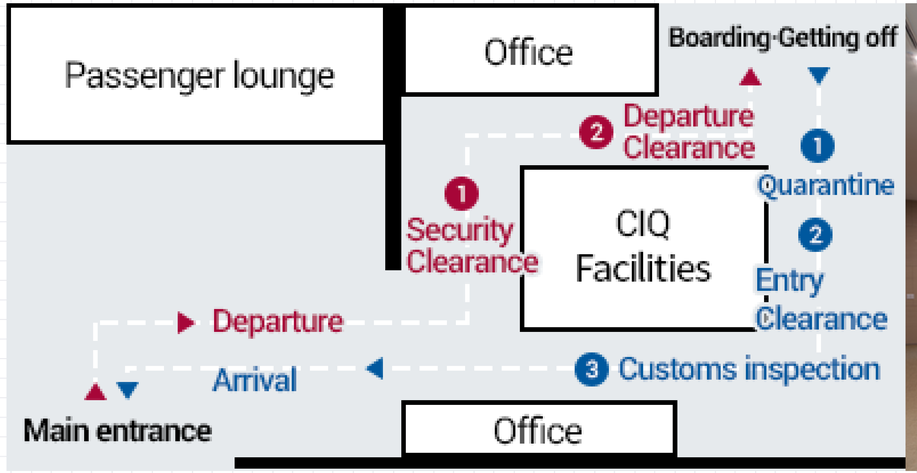
03 Fast check-in

SGBAC provides dedicated CIQ check-in facilities for fast, smooth procedures within 5minutes.

Ramp Side

CIQ FACILITIES

The dedicated CIQ (Customs, Immigration, and Quarantine) facilities of SGBAC terminal ensure speedy, efficient clearance.



CIQ AREA

PASSENGER LOUNGE
